

IN A NUTSHELL: ROX 12.1 EVO

1.

INNOVATIVE MAP NAVIGATION

ROX 12.1 EVO and its innovative map navigation points each and every cyclist into the right direction. Be it MTB, Road, Gravel, City & Hybrid or e-bikes. Thanks to the pre-installed, bike-specific OSM maps, turn-by-turn directions and versatile routing options, you reach your destination safely. Leaving the suggested route? No problem! ROX 12.1 EVO's intelligent re-routing accounts for the new parameters and re-calculates distance and time to destination and the altitude profile.

2.

PROFESSIONAL TRAINING SYSTEM

Six default and 22 customizable sport profiles make the ROX 12.1 EVO ready for every cycling adventure. Each sport profile is home to the training views, route preferences and alarms preset via the SIGMA RIDE App. The app also exports STRAVA Live Segments to the ROX 12.1 EVO for the rider to see it on the display. Food and drink alerts remind the rider to maintain optimal energy supply during training and competition.

3.

SMART CONNECTIVITY

In addition to compatibility with the e-bike (incl. display of battery status, support level, range, etc.), the ROX 12.1 EVO can be connected with the SIGMA RIDE app as well as external sensors and apps from third-party providers. The integrated crash alarm notifies emergency contacts in case of a fall. Smart notifications inform you about incoming calls and messages while riding.

4.

ATTRACTIVE PRICE-PERFORMANCE RATIO

The SIGMA ROX 12.1 EVO not only stands for high quality, but also convinces with fair prices. A multitude of awards and distinctions confirm the attractive price-performance ratio of the high-quality SIGMA products.

5.

PERFECTION MADE IN GERMANY

From the first spark of an idea to development and final production, the SIGMA ROX 12.1 EVO is 100% Made in Germany. German engineering stands for centuries of tradition and is characterized by precision, craftsmanship and durability. All SIGMA product managers are passionate cyclists. To create the perfect product, Prototypes are tested right on our doorstep in Neustadt/Weinstrasse. Our goal is pure joy on the bike.
